

# Clearstone<sup>®</sup> resin bound permeable surfacing specialists

## We are Clearstone

At Clearstone, we understand resin bound paving better than anyone. We design, manufacture and install our own systems, using specially selected blended aggregates and high quality UV-stable resins. The results are outstanding, with first class finishes and solid durability.

Our expert team handles every aspect of your installation, giving you the reassurance you need throughout your project. Whether you're an architect, a contractor or a specifier, our extensive experience of resin bound technology means your permeable surfaces will meet the highest standards.

### The beauty of a resin bound surface...

Aesthetic, flexible and creative - Clearstone's resin bound systems have many applications.

**Landscapes:** The flexibility of Clearstone's resin bound surfacing allows you to link garden spaces and blend the boundary between hard and soft landscape design and the natural world.

**Housebuilding:** Clearstone's fuss-free resin bound surfacing is well suited to new-build projects, which require a practical, enhancing and welcoming landscaped approach.

**Renovations:** Whether you're updating a property or totally reinventing it, a resin bound surface provides a refreshing and stylish finish. If you'd like your new surface to match existing colours or materials, we can help.

**Historic buildings:** With the seal of approval from English Heritage and the National Trust, who use resin bound surfacing at historic sites, our system is perfect for complementing an older property which requires sensitive renovation.

### Here's what our customers say:

Multiple RHS Chelsea & Hampton Court Flower Show Winners.

*"Clearstone were nominated as a preferred supplier to lay resin bound for a new outdoor space to a school playground. This is the first time that we have worked with Clearstone and found their service very professional, to include an initial site survey, installation date, and regular communication to ensure that the project was achieved in the school holidays."*

Matt Moore. Contracts Director

#### Martin Joyce Groundworks

*"We used Clearstone for our first resin bound installation and found Clearstone craftsmen to be very professional, which is why we continue to choose them. With high profile clients like Berkeley Homes and projects such as schools, we know Clearstone will give us what we want - even when deadlines are tight. I would definitely recommend Clearstone to other contractors."*

Nigel Clark. Contracts Manager

Triple Gold Medal Winners at Chelsea Flower Show.

*"Clearstone has been installing resin bound for Gardenlink for four years on projects ranging from 30m2 to 300m2 - all receiving the same degree of expert service and quality materials, backed by a 10-year guarantee. I would definitely recommend Clearstone to other companies: they are efficient, turn up when they say they will, get the job done and leave no mess."*

Stuart Johnson. Contracts Manager

*"It's not often that you get a group of craftsmen pull up on a job, get organised and work together so professionally - it was refreshing to watch Clearstone at work. If only more companies could work with the attitude of Clearstone operatives, it would make my job so much easier. Thank you."*

Guy Nightingale. Project Manager

*"Just a quick note to say thank you for the work you did for us at Burnham Market. Our client is very pleased with the finish."*

David West-Beale. Garden Designer

## Colours to complement your project

Whether you're creating a landscape or building a townhouse, a contemporary new build or period home, you'll find the right driveway or path colour with Clearstone.

**Ranges:** With a wide range of natural colours and finishes to choose from, Clearstone can create a surface which is sympathetic to any location. Featured here are our **standard range** of colours. We also have a **designer range** for special features and pedestrian areas which require a lighter finish.

**Creative Designs:** Unlike traditional paving, the Clearstone system lends itself to original designs. It can be laid in any pattern including curves, motifs, letters and numbers to create contrasting borders or personalised decorative effects.

BRIGHTON & HOVE ALBION F.C. 'SEAGULL' CREST INSTALLED  
Prismstone resin bound crest at Amex Community Stadium

**Decorative Surfaces:** Clearstone has developed the Prismstone range of colour-coated quartz. Giving you the freedom for complex designs, logos and pictures.

Stunning visual effects can be achieved to brighten any paved area. We can also combine complementary RAL colours to create a palette especially for your project.

# 10 practical benefits of a Clearstone resin bound surface

- 1. Eco-friendly:** When our resin and aggregate mix is laid on porous asphalt, it creates a water-permeable surface which complies with the Sustainable Urban Drainage Systems (SUDs) regulations and allows air to circulate too – perfect for driveways, garden paths, tree-pits and areas prone to standing water.
- 2. Quick to install:** On Day 1, we lay it. On Day 2, you can drive or walk on it.
- 3. Flexible and seamless:** Clearstone resin bound surfacing can be laid with no joins. It's perfect for shaped areas and it can even be laid in decorative patterns.
- 4. Fuss-free maintenance:** Hard-wearing and resistant to petrol, diesel and oil, our surfaces are easy to keep clean, by sweeping or power-washing.

- 5. Resistant to weeds:** Unlike block paving, resin bound surfacing doesn't support the growth of weeds. Starved of water, roots can't take hold. You simply brush weeds away.
- 6. Easy access:** The smooth finish, with no loose stones, is ideal for driveways, paths or ramps used by wheelchairs, buggies or bicycles.
- 7. Beautiful, natural colours:** Our paved surfaces are made from specialist blends of washed and dried naturally sourced aggregates, encapsulated in UV stable resin. The colours won't fade, even in direct sunlight.
- 8. Quality control:** Because we control the process from start to finish you can be sure of a perfect finish.

**9. Fantastic service:** Clearstone surfaces are individually hand-crafted. At every stage of the design and installation process, we do our utmost to understand your specific needs, and our attention to detail is second to none. Please call **01273 358177** to find out more.

**10. Rock-solid guarantee:** We ensure the quality of your resin bound surfaces by handling every part of the process - from manufacture to installation. If anything goes wrong, we put it right. It's that simple.
